Memorandum No. 4927/37-2 Dated 22nd November 1937

Subject:- Land and buildings - Military -(Bellary)- Bellary - Disposal - Letter from the Military Estate's Officer, Madras Circle No.8/16/222/M.C. dated the 19th November 1937.

18 NOV 1937

B 5816

A copy of the letter from the Military Estate's Officer, Madras Circle quoted above with three copies of the auction notice received with it and a copy of this Government's letter No.4927/37-1 dated 16th November 1937 to which the letter of the Military Estate's Officer, quoted above is a reply, are forwarded to the Collector of Bellary. The Military Estate's Officer has stated that he has forwarded to the Tahsildar of Bellary on 16th November 1937 a plan showing the survey numbers etc., of the properties to be auctioned on 24th November 1937 which has been prepared in his office and that he has asked the Tahsildar to verify the plan with the revenue records and report to him the discrepancies, if any, before 24th November 1937. The Collector is requested to submit a copy of the reply sent by the Tahsildar to the Military Estate's Officer. The Collecto is also requested to offer his remarks on the observations of the Military Estate's Officer in para 2 of his letter quoted above and also to indicate what corrections are necessary to the statements submitted with his letter No.Ref.C.4059/35-A.2. dated 15th September 1936.

2. The Collector should submit his reply to this memorandum through the Board of Revenue at a very early date.

P. K.Gnanasundaram Mudaliar,
Assistant Secretary to Government.

Copy of Revenue Department Letter No.4927D/37-1 dated 16th November 1937 to the Military Estate's Officer, Madras Circle, Dickenson Road, Bangalore,Cantonment.

Subject:- Land and buildings - Military -(Bellary)- Bellary - Disposal -Auction notice -
Your letter No.S/16/209/M.C. dated 6th November 1937.

I am directed to state that the particulars given in the auction notice received with your letter quoted above differ from those given in statement No.IV sent to you with this Government's letter No.738D/36-6 dated 2nd Novembe 1936 in the following respects:-

(a) The extents of the sites vary in the following cases

Lot. No.	Extent shown in the auction Notice.	Extent shown in t statement.
	Ac.	Ac.
1	4.10	0.78
5	0.47	0.07
8	0.21	0.07
9	0.84	0.04
13	1.69	0.83
24	0.09	0.02

(b) The S.Nos. of the sites of the properties shown under the following items are different from those given in statement No.IV:-

Lot.No.	S.No.given in the notice.	S.No.given in statement No.IV.
5	522/46	522/45
6	522/1	521/1
18	597 and 601	597, 601 and 522/1
20	636	522/1

(c) The total extent of the properties included under lot No.11 is only 48.80 acres. In the auction notice it is given as 48.81 acres.

(d) The area of the military land and buildings in S.No. 639A is 183.30 acres as shown below:-

	Ac.
M.E.S. Well No.4.	0.10
Sanitary Cordon north of Connaught Barracks.	68 .70
Part of Connaught Barracks.	84.39
Sanitary Cordon east of Connaught barracks.	30.05
M.E.S. wells Nos.5 and 6.	0.06
	183.30

In the auction notice the area against lot.No.10 is shown as 183.40 acres.

(e) Lot.No.18:- The Fishers' tank referred to in this lo is apparently situated partly in S.No.597 and partly in S.No.601. The entire extent under the control of the Government of India in S.No.597 (Viz., 264.16 acres) has already been included in lot No.16. The area of the Fishers' tank lying in S.No. 597 should therefore be excluded from lot No.18 and lot No.18 should include only the portion of the Fishers' tank situated in S.No.601

I am to request that the necessary corrections may be made to the auction notice and that 5 copies of the notice as corrected may be sent for communication to the Collector of Bellary and the Board of Revenue.

Letter from the Military Estates Officer, Madras Circle, Bangalore, No.S/16/222/M.C., dated 19th November 1937.

Subject: Land and Buildings - Military - (Bellary) - Bellary - Disposal.

With reference to your letter No.4927-D/37-1, dated the 16th November 1937, I have the honour to explain the discrepancies pointed out by you as under:-

2. Your para: 1(a) -- Lot.No.1. The extent of 0.78 acre shown in your statement was apparently arrived at as shown below:-.

Description of building.	Plinth area. Acre.
1. Military Hospital (Double Storied) ..	0.62
2 A Cook House	0.02
1 A.1 Cook House	0.03
2 Dry earth shed	0.01
3 Cart-shed	0.02
4 Mortuary	0.01
1-5J Compound Wall	0.04
7 Purveyors Stores ..	0.02
14 Oil and unserviceable stores ..	0.01
Total	0.78

The buildings referred to above are enclosed by a compound wall and there is vacant land in between the buildings and the compound wall. The area of 0.78 acre reported by you is the plinth area of the buildings, while 4.10 acres shown in the auction notice is

is the area of lands ~~enclosed~~ enclosed by the compound wall.

Lot. No.5 The area shown in your statement viz., 0.07 acre is the plinth area of buildings Nos.8 and 8 G. These two buildings are also enclosed by a compound wall. 0.47 acre shown in the auction notice is the area of the land within the compound wall.

Lot No.8. According to this office records the area of the site of demolished building No.31 (plinth area of the building and surrounding lands) is 0.21 acre and this has been shown in the auction notice. The area shown in your statement is only the plinth area of the building.

Lot No.9 The 0.04 acre shown in your statement is apparently the plinth area of Nos. 3, 4 and 5 M.E.S. Godowns. These buildings were situated within a compound. All these buildings were demolished. The area of land lying within the compound is 0.84 acre which has been shown in the auction notice.

Lot No.13 0.83 acre shown in your statement may have probably been arrived at as follows:-

No. & description of building.	Plinth area.
(1)	Acres.
3 School	0.05
3 A Cook House	0.01
3 B Latrine	0.01
3 J Compound Wall	0.01
	0.08
(2) 5 veterinary Hospital & Dispensary	0.12
(3) 44 Forage Yard	0.60
(4) Well No.9	0.03
Total	0.83

But in para: 2 of your letter No.3162-D/31-18, dated 20-8-1935 it was reported that the area of lands covered by (1), (2) and (3) above, was 1.66 acres. The area shown in the auction notice includes the area of the

well referred to as (4) above. As it has since been noticed that well No.9 is in S.No.597, it has been excluded from lot No.13 and the area corrected to 1.66 acres.

Lot No.24. According to this office records, the area of well No.23, with water trough is 3808 sq.ft. or 0.09 acre and this has been shown in the auction notice.

Your para: 1(b). This office records show that the reverse survey numbers corresponding to lots Nos. 5, 6, 18 and 20, are as shown in the auction notice, which may please be verified at the sp

Your para: 1(c). The correct area is 48.80 acres. The auction notice has been corrected accordingly.

Your para: 1(d). According to the survey of India plan of Bellary Cantonment, wells Nos. 5 & 6 and latrine No.15 shown in lot No.12 are in S.No.640-A. As well No.5 and latrine are adjacent to S.No.639-A they have been included in lot No.10. Well No. 6 has since been excluded from lot No.10 and this will be auctioned as a separate lot as No.10-A. The corrections necessitated by this addition, have been incorporated in the auction notice.

Your para 1(e). In your letter No.3162-D/31-18, dated 20th August 1935, the following description was shown against S.No.597-(part) - "Agricultural land and part of Rifle Range leased out for agricultural purposes". There was not any indication that a portion of the Fishers Tank is comprised in this Survey number. Would you please verify and intimate the result to this Office. The records available in this office show that the channel to Fort Ditch runs through S.Nos.636-A, 637-A and 638-A. The auction notice has been corrected accordingly.

3. Five copies of the auction notice corrected according to the records available in this office, are forwarded as desired. I may add for your information that a plan showing the survey numbers -

survey numbers, etc. of the properties proposed to be auctioned on 24th instant, prepared in this office, has been forwarded to the Tahsildar of Bellary on the 16th instant, and he has been requested to verify it with the revenue records and report the discrepancies, if any, before the 24th instant.

2. The purchaser may retain or demolish the buildings.

3. At the conclusion of the auction, the highest bidder should pay 25% of his bid and also execute an agreement for sale. The sale will require the approval of the Government of India after which a Sale Deed must be executed at the purchaser's expense.

4. The Military Estates Officer and the Government of India are not bound to accept the highest or any bid nor are the Government of India bound to confirm a bid provisionally accepted by the Military Estates Officer.

5. After a bid has been approved by the Government of India, the balance of the purchase money must be deposited with the undersigned within 30 days of demand, failing which, the 25% deposit will be forfeited to Government.

6. In the event of the Government of India not accepting a bid provisionally accepted by the Military Estates Officer the 25% deposit will be returned to the depositor **without interest.**

7. The land shall be held subject to the following conditions after possession is obtained thereof :—

(a) That an annual ground rent of Rs. 6-4-0 an acre or such other sum as may be fixed under such rules as may from time to time be in force for the regulation of ground rent in the District of Bellary shall be paid to the Government of Madras on or before the 15th July of each year.

(b) That in default of such payment the ground rent shall be liable to be realised under the law for the time being in force for the recovery of arrears of revenue.

(c) That the existing and customary rights of Government and the public in roads and paths and rivers, streams and channels running through or bounding the land are reserved and are in no way affected by the grant and that the right of the Government shall be reserved to all gold and other minerals and coal and stone or rock containing or supposed to contain gold and other minerals or coal known to exist or which may at any time hereafter be discovered on, in or nnder the land aforesaid, or any part thereof and the purchaser, his heirs or assigns shall not be at liberty to work the said gold and other minerals or coal except after permission or licence duly obtained from the Government.

(d) That the Government also reserve to themselves or to persons authorised by them the powers necessary for the proper working of the minerals, such as the full and free liberty and right of ingress, egress and regress, etc., as detailed in Part II of the Model form of mining lease printed as Appendix IX to Chapter VIII of the Madras mining Manual, subject to the payment or rendering of compensation to the surface owner for all damages that he may sustain by the exercise of such right.

(e) That the alienation of the land, without the sanction of the Government to a person otherthan a Britsh subject or a subject of a State in India shall invalidate the sale.

Lots 1, 2, 3 and 4. The survey number and other particulars of buildings agree with the particulars furnished with this office report dated 16-9-1936. The reason given by the Military Estate Officer for the variation between the area noted in the sale notice and this office statement are correct.

Lot 5. Buildings Nos. 8 and 8 g are situated in part of S.No. 522-46 and not in S.No. 522-45 as already reported. The area noted in the sale notice is correct.

Lots 6 and 7. No difference.

Lot 8. The Military Estates Officer's statement is correct.

Lot 9. The area noted in the Military Estate Officer's sale notice is correct. The other particulars agree with those furnished by my office.

Lots 10 and 10 A. The correct area of these two items is 183.31. The difference is small and needs no explanation.

Lot

2/11/F Lot No. 11. The correct area is 48.80 acres.

Lots 12 & 13. No remarks.

Lot 14. Well No. 13 is in S.No. 952. The correc extent covered by all these wells is 0.07 cents.

Lots 15, 16 and 17. No remarks.

Lots 19 to 29. Correct survey numbers have been note There is no change in the extents.

Lot 18. The major part of Fishers' tank is situated in S.No. 597 and a portion in S.No. 601. Portion of the bund and weir lie in three different survey numbers. The extent in each survey field has not been measured separately at the time of submitting the list of Military properties in September 1936. The Town Survey party has recently surveyed the Military properties separately. But the survey records are not yet complete. I shall obtain these records and submit a further report if any amendment is necessary.

Memorandum No.4927 D/37-7, dated 23rd February 1939.

Lands and buildings - Military - (Bellary) - Bellary Disposal - Auction notice -

From the Board of Revenue, Ref.No.B/E.5826/37-4, dated 26th January 1939.

A copy of this Government's letter No.4927 D/37-6, dated 23rd February 1939, sent to the Military Estates Offic Madras Circle, is forwarded to the Board of Revenue with reference to its Reference quoted above. The Board is requested to intimate to the Military Estates Officer direct the extent occupied by the Fishers Tank in S.No.597 and to send to the Government a copy of its letter to the Military Estates Officer.

2. The revised statement promised by the Board is awaited.

3. In the statement of Military properties in Bellary submitted with the Board's Proceedings Misc.No.3504, dated 8th October 1936, the S.No. of the Cantonment Garden Kunta was shown as 522-1 and its area as 1.50 acres. The statement submitted with the Board's Reference quoted above shows that the correct S.No. of the site is 636-A. The entire field S.No.636-A measures 104.86 acres and is a full field within Cantonment limits. It was previously reported that Military Wells Nos.1 and 25 measuring 15 cents and 10 cents respectively were on this field. In the classification of lands in the old Bellary cantonment area as 'poramboke' and 'waste the extents occupied by the two wells were excluded from the scope of the classification and shown in the list of lands containing buildings and the remaining extent of 104.61 acres was classed as 'poramboke' (ie. as vesting in the Provincial Government). In the statement showing the Military buildings in Bellary submitted with the Board's Reference quoted above,

Military

Military well No.25 is shown as being situated in S.No.522-1, dated military wells Nos.20 and 22 are shown as ~~having~~ being situated in S.No.636-A. In that statement S.No.636 A is also shown against the item Fishers Tank. If the total ~~extent~~ extent occupied by the Cantonment (1) Garden Kunta, Military wells Nos. (2) 1, (3) 20 and 22 and the Fishers Tank (5) in S.No.636-A is deducted from the total extent of 104.86 acres in that field the extent of poramboke land in it will not be 104.61 acres but something less than that area. Military wells Nos.20 and 22 will apparently have to be entered in the list of lands containing buildings referred to above. - Similarly Military wells Nos. 9 and 10 which are now reported to be in S.No.597 and Military wells Nos.5 and 6 which are now reported to be in S.No.640-A will have to be entered in that list. When submitting the ~~revised~~ revised statement referred to in paragraph 2 above the Board is requested to report what alterations are required in the list of porambokes and wastes and in the list of lands containing buildings attached to it.

To

The Military Estates Officer, Madras Circle,

Dickenson Road, Bangalore Cantonment.

Dated Fort St. George the 23rd February 1939.

Sir,

Lands and buildings - Military - (Bellary) - Bellary - Disposal - Auction notice -

Correspondence ending with your letter No.S/16/222/M.C. dated 19th November 1937.

In your remarks on paragraph 1(d) of my letter No.4927-D/37-1, dated 16th November 1937, contained in paragraph 2 of your letter quoted above you have stated that, according to the Survey of India plan of Bellary Cantonment, latrine No.15 (previously shown in lot No.12 in the auction notice) is in S.No.640 and you have included it in lot No.10. The Board of Revenue has reported that the correct S.No. in which the latrine is situated is S.No.310. The total extent of the items now include in lot No.10 (excluding the latrine) is 183.27 acres.

2. As regards lot No.18 (Fishers tank etc.), the Board has reported that the major part of the Fishers tank is situated in S.No.597. A portion of it is in S.No.601 and a portion of the bund and weir of the tank lie in three other survey numbers. As the tank with its bund, weir etc. is included in lot No.18,

from the extent of 264.16 acres shown against Lot No.16 in the auction notice. The Board of Revenue has been requested to intimate to you the extent occupied by the tank in S.No.597.

3. An extent of 21.40 acres is shown in the auction notice against lot No.19 - 'Fort Ditch etc.' An extent of 1.02 acres in the Fort Ditch was transferred by the Government of India to this Government in 1931 for the use of the Jail Department - vide Government of India, late Army Department, letter No.1490-L(A.D.4) dated 19th December 1930, and your letter No.S/16/191/M.C. dated 3rd September 1937. I am therefore to request that this extent may be excluded from lot No.19.

I have the honour to be,

Sir,

Your most obedient servant,

B.G.Holdsworth,

Secretary to Government.

CONDITIONS OF TENDERING.

1. All tenders should be addressed to the Military Estates Officer, Madras Circle, Bangalore.

2. Tenders should be submitted separately for each item shown above.

3. All tenderers must pay into the Bellary Treasury 25% of each offer as "earnest money deposit in favour of the Military Estates Officer, Madras Circle, Bangalore" and the receipt issued by the Treasury will be attached to the tender.

4. The acceptance of tenders will be by the Government of India.

5. The Military Estates Officer and the Government of India are not bound to accept the highest or any tender.

6. Earnest money for tenders not accepted will be returned **without interest**. In the case of successful tenders, the amount will be adjusted towards the sale proceeds.

7. The person whose tender is provisionally accepted by the M. E. O. will be required to execute an agreement for sale. A sale Deed must be executed at the purchaser's expense, when the tender is approved by the Government of India.

8. The Government of India are not bound to confirm the provisional acceptance of a tender by the M. E. O.

9. After a tender has been accepted by the Government of India, the balance of the purchase money must be paid within 30 days of demand failing which the earnest money will be forfeited to Government.

10. The purchaser may retain or demolish the buildings.

CONDITIONS OF SALE.

The land shall be held subject to the following conditions after possession is obtained thereof:—

(*a*) That an annual ground rent of 6—4—0 an acre or such other sum as may be fixed under such rules as may from time to time be in force for the regulation of ground rent in the District of Bellary shall be paid to the Government of Madras on or before the 15th July of each year.

(*b*) that in default of such payment the ground rent shall be liable to be realised under the law for the time being in force for the recovery of arrears of revenue.

(*c*), that the existing and customary rights of Government and the public in roads and paths and rivers, streams and channels running through or bounding the land are reserved and are in no way affected by the grant and that the right of the Government shall be reserved to all gold and other minerals and coal and stone or rock containing or supposed to contain gold and other minerals or coal known to exist or which may at any time hereafter be discovered on, in or under the land aforesaid, or any part thereof and the purchaser, his heirs or assigns shall not be at liberty to work the said gold and other minerals or coal except after permission or licence duly obtained from the Government.

(*d*) that the Government also reserve to themselves or to persons authorised by them the powers necessary for the proper working of the minerals, such as the full and free liberty and right of ingress, egress and regress, etc., as detailed in part II of the model form of mining lease printed as Appendix IX to Chapter VIII of the Madras Mining Manual subject to the payment or rendering of compensation to the surface owner for all damages that he may sustain by the exercise of such right.

(*e*) that alienation of the land, without the sanction of the Government to a person other than a British subject or a subject of a State in India shall invalidate the sale.

Sir,

Land and Buildings - Military - Bellary taluk and town - ex-cantonment area - disposal = list of properties furnished.

ENCLOSURES 4

SPARE COPIES

Ref: Board's Ref. B.P. 5826/37-4 dated 26-1-1939 B 5826/37-5 dated 14-3-1939 and B P 5826-37-6 dated 28-3-39

Revised lists showing military waste lands and other properties in Bellary ex-cantonment area are enclosed. The areas of the several properties and waste lands adopted in the list communicated with Board's Ref. B. No. 5673-31-20 dated 31-8-1935 and those mentioned in B.P. Mis. 3504 dated 8-10-1936 in accordance with this office 4059/35 B-2 dated 15-9-1936 were unsurveyed approximate extents. The Military Estates Officer has had these lands surveyed and has ascertained the actual areas of waste lands and properties together with their appurtenances attached to them. Further lands within the proposed revised municipal limits only have been surveyed by the Town Survey Special Staff. The particulars have been verified with reference to the plan furnished by the Military Estates Officer and with the Town Survey records and the plan showing waste lands marked in it. The statements enclosed furnish all the particulars in accordance with these records. Final areas to be adopted in respect of each of the items under waste

waste land are furnished in the remarks column. A statement showing the alterations to be made in the extents of waste and poramboke lands already approved is also enclosed.

2. The Military Estates Officer has surveyed the waste lands and the properties in lots. He has included the vacant lands of the demolished buildings and waste lands in one and the same lot as noted below. He has published two notices one in 1937 and one in March 1939. The extents furnished in the auction notice dated 1-3-1939 are taken to be the final areas for the purpose of this report. The properties have been verified on ground by the Tahsildar of Bellary.

Lot No. 1. The area furnished in the notice dated 1-3-1939 is 4.48 acres. The Town Survey number and the extent agrees with the particulars furnished in the Town Survey records.

Lot No. 2. The Military Estates Officer has not furnished Town Survey numbers and notes its extent as 17.65. This plot forms part of the area classed as waste (item 8 in the list). Its total extent comes to 13.74 acres as per Town Survey particulars. The extent has to be corrected accordingly in the list with the Military Estates Officer.

Lot No. 3. The Military Estates Officer has not furnished Town Survey numbers and has noted its extent as 47.06 acres. Its area as per town survey particular is 25.95 acres. It is also the part of the block classed as waste lands (item 8) has to be corrected as 39.69 acres as plots 2 and 3 from the block classed as waste. Apparently the area shown in the list of 1935 are unsurveyed areas.

Lot. No. 4. The area furnished in the notice dated 1-3-39 is 18.91 acres, which agrees with the area as per Town Survey records. But the town survey numbers furnished by the Military Estates Officer are not correct. The correct town survey numbers are furnished in the statement.

Lot No. 5. The extents as per Military Estates Officer and Town Survey records agree. The Military Estates Officer has not furnished the town survey numbers and they are noted in the

statement

statement.

Lot No. 5 part. Is not included in the notice published in 1937 and the details of the properties are not furnished; neither is it noted in the plan sent by the Military Estates Officer. The only properties belonging to the Military Department in S.No. 522/1 are.

Name of the properties.		Lot No.
1. Upper fort area 187.77		Not notified for sale 30(1
2. Fort moat reservoir 16.52		No. 21
3. Karkhana buildings 1.63		30(2)
4. Old saddle room & Pharmacy 0.20		30(3)
5. Bus stand	0.46	Vested in the Municipal Council.

It is therefore seen that the military authorities have no other properties in S.No. 522/1 B 4 as notified for sale. The Military Estates Officer may be asked to eliminate them from the sale notice and if already sold the sale may be got cancelled as the site is the local Government's property.

Lot. No. 6 & 7. The particulars furnished by the Military Estates Officer agree with the Town survey records.

Lot No. 8. The areas agree but the town survey numbers are not correctly noted by the Military Estates Offic Correct numbers are noted in the statement now submitted.

Lot No. 9. The Military Estates Officer has not furnished town survey number and its area is noted as 0.84 ac Its area is 0.81 according to town survey particulars. A portion of local Government land is included and surveyed. Please see this office report dated 9-2-1939 and 16-5-1939 in reply to Board's Ref. T.6221/38-1/20-10-1938 and T 6221/38-2/27-2-1939.

Lot No. 10. This plot includes the site of demolis buildings only plinth areas of the buildings were furnished in the statement submitted on 15-9-1936. Its area was originally as 183-28 acres, which has been split up as four parts in t notice dated 1-3-1939. Plots measuring 161.96 and 5.14 acres lie in S.No. 639 A/1. The extent of 161-96 acres is beyond

Kamptee (cantonment)

cantonment limits and is not surveyed by Town Survey Party. It includes the area of Well No. 4 measuring 0.10. This extent has to be corrected as 161-86 acres. The plot measuring 5.14 acres is within the Municipal limits and is surveyed by Town Survey Party. Its area and survey number agrees with the particulars furnished by the Town Survey Party.

The remaining two plots covering wells Nos. 5 & 6 lie in S.No. 640 A part and are beyond municipal limits and not surveyed by the town survey party. The areas furnished by the Military Estates Officer have been adopted.

Lot. No. 11 & 11 A. The total extent covered by the two plots is 47.12 acres. These two plots are covered by the area shown against item 1 under waste lands. The Town Survey number shown against lot No. 11 A in the Military Estates Officer's notice is incorrect. CorrectTown Survey numbers are noted in the statement. The extent of 37.94 acres in lot 11 part lies beyond municipal limits and is not surveyed. Artesian Well No. 2 included originally in lot No. 11 is claimed as the property of the local Government and the choukidar's hut belonging to the Military Department is included in lot No. 11.

Lot No. 12 & 12 part.

This lot consists of vacant land measuring 7.72 acres and well No. 26 measuring 0.13 acres. These are beyond Municipal limits and not surveyed by Town Survey Party.

Lot No. 13. Corresponds to item 4 in the list of waste lands. The Town Survey numbers and the extent are incorrect. Correct particulars are furnished in the statement. The Military Estates Officer may be asked to correct the Town Survey numbers and extents as per Town Survey records.

Lot No. 14 & 14 part. These plots include the sites occupied by well Nos. 11, 13, 15 and 16. Correct Town Survey numbers and extents are noted in the statement. The Military Estates Officer may be asked to correct them accordingly.

Lot No. 15 & 15 part. These are beyond Municipal limits and are not surveyed by the Town Survey party.

Lot No. 16 & 16 parts. Lots measuring 205-50 and 4-15

correspond to the waste lands shown as item 3 under waste lands. Its original extent as classified as waste is 264.08 which included the area of the part of Fisher's tank situated in S.No. 597 A. Town Survey numbers and areas furnished by the Military Estates Officer in respect of the lands within the Municipal limits are incorrect. The Military Estates Officer may be asked to adopt correct survey numbers as per particulars furnished in the statement. The remaining plots are covered by wells and are beyond Municipal limits.

Lot No. 17. This consists of cavalry kunta and Well No. 12. Both the plots are surveyed separately. The particulars as per Town Survey records furnished in the statement may be adopted by the Military Estates Officer.

Lot No. 18 part. Plot measuring 111.75 acres is occupied by fishers tank and its appurtenance. The tank is situated in S.No. 597 A and 601 only. The extents covered by the tank in each of the survey numbers are furnished below.

	A	C
S.No. 597 part	54	45
601 part	57	30
	111	75

These are beyond cantonment limits and not surveyed by the Town Survey staff. The tank and its appurtenances do not extend to any other survey numbers.

Lot No. 18 part	0.60	8.10 acres.
19 part	4.98	
19 part	2.52	

This plot is occupied by the cantonment garden kunta, bund and weir. It lies in S.No. 636 A only. The correct survey numbers and areas according to Town Survey records are furnished in the statement. The Military Estates Officer may be asked to correct the particulars accordingly.

Lot. No. 20. This plot consists of Railway kunta,

Bund

Bund and channel. Town Survey particulars are not correctly noted in the notice. The Military Estates Officer may be asked to correct the particulars accordingly.

Lot No. 21, 22, 23, 24, 25, 26, 27 A & 27. These are covered by Wells Nos. 20, 21, 22, 23, 24, 25, 27 and No. 1 respectively. The correct Town Survey numbers and areas according to Town Survey are furnished in the statement. The Military Estates Officer may be asked to correct the particulars in the notice as per Town Survey records.

Lot No. 28. It corresponds to item 2 under waste lands. The extent and Town Survey numbers furnished by the Military Estates Officer are incorrect. Correct extents and Town Survey numbers as noted in the statement may be asked to be adopted by the Military Estates Officer.

Lot No. 29 and 29 part. According to the particulars noted by the Military Estates Officer the extent is 26.12 acres. It corresponds to items 5, 6 and 7 under the list of waste lands. The Military Estates Officer may be asked to adopt the correct extents and Town Survey numbers as noted in the statement. There is an increase in area by 0.39 cents over the extent of 45.24 acres classed as waste. As the plot has been recently surveyed by the Town Survey party, the areas now arrived at may be adopted.

Lot. Nos. 31(2) & (3). The particulars agree with those in Town Survey records.

Board's R.f. 5826/37.5 dated 14-3-39.

Para (1). The extent covered by fishers tank in S.No. 597 is 54.45 and in S.No. 601 is 57.30 acres as explained under lot No. 18 supra.

3. Para (2).

Revised statement is enclosed.

4. Para 3.

The total extent of S.No. 636 A is 104-86 but only an extent of 104.61 acres which is within ex-cantonment area is classed as poramboke. The particulars of the properties situated in this

The Board submits revised (Sheets A & B) showing military waste lands and other properties in the Bellary ~~ex~~ cantonment area. The military Estates Officer has had these lands ~~have been~~ surveyed ~~by the Garrison Engineer, Bangalore~~ ascertained and the actual areas of waste lands and properties together with their appertenances. ~~have been~~ ascertained ~~by the M.E.O.~~ The Coll has verified ~~checked~~ that the particulars of properties ~~in~~ and lands lying within the municipal limits ~~have been verified~~ with regard to the plans furnished by the M.E.O and with the Town Survey records and the plan showing waste lands marked in it. The final

means to be adopted in respect of ~~waste lands alterations in extent~~ waste lands as a result of the resu ~~due to recovery in respect of each~~ ~~of the items~~ are indicated in the draft of waste lands. A draft showing the alterations to be made in the existing waste and paramboke lan is also submitted. The Collector has not sent a draft of alterations to the list of lands containing buildings called for in para 3 of the Govt memo cited above. He is being requested to submit it. The draft will be sent to Govt as soon as it is received from the Collr

2/. The H-E-6 has surveyed the waste lands and the properties in lots. He has included the vacan lands of the demolished buildings and waste lands in one and the same lot. ~~as noted below.~~ He has published 2 notices one on 30-10-3 and the other on 1-3-39. The area furnished in the auction notice dated 1-3-39 are taken to be the trial areas for the purposes of this Where the properties are common to both the reports. The correct particulars,

~~1. The particulars furnished in the sale notice are correct~~

~~except for lots~~ of the properties included in the sale notice dated 1-3-39, except lots 5 part, 13, 13pa and 29 part, are given in the form of a statement of Particulars, except for lots 2, 3 and 5, of the properties included in the sale notice dated 30-10-37 and not covered by the notice dated 1-3-39, are also furnished. In regard to the excepted lots, the information furnished by the Coll is defective in certain respects. In these cases, the Coll has been asked to furnish correct particulars. They will be asked to give a receipt from the Coll.

3/ The Coll. reports that ~~In respect of~~ the properties lying outside the municipal limits, the Collector Asks that they have not been surveyed by the Town Survey Party and so the particulars furnished by the M.C.G have been adopted as correct. 4/. With reference para 3 of the Govt. memo
dated 23-2-39, the Collr. states that the
total extent of S.No. 636A is 104.61 Acres, but
that only an extent of 104.61 acres, which is
within the ex-Cantt. area is included in
the list of properties. The particulars of
the properties situated in this S.No are
noted below:-

Particulars	Extent as per Town Survey Records
Railway Kunta	1.95 acres
Cantt garden kunta	6.05 "
Well No 1	0.15 "
" " 20	0.12 "
" " 22	0.11 "
	8.38

The extent occupied by these properties
does not appear to have been eliminated at the time of the classification
of lands as parambokes. Hence the extent of
paramboke land is (104.61 - 8.38) = 96.23 acres

With reference para 2 of the Govt. letter cited I am
to inform you that the extent occupied
by the Railway kunta in S.No 1771 is 1.95 acres.

6/. the Collector's report in respect of the particulars given in the M.E.O's sale notices call for the following remarks:-

(1) With reg to the Bds' regd cited above, the Coll has not reported ~~that~~ the alterations have occurred in the list of lands containing buildings attached to the list of preambles and notes called for by the Govt. in his memo no 4927 B/37-7 dt 23.2.38 M.E.O's sale notice dt 30.10.37

(2) Lots no 2 and 3 - The Collector has stated that the correct extent of these lots is 39.69 acres. In the remarks column against item 8 of the Statt of waste lands, he has noted that these properties were sold to Rev J.J. Hogan. But in the Statt of military lands sold in Bellary town, annexed with his reg letter no: A-2-3403/38 dated 9-2-39, the Coll stated that an extent of 39.29 acres was sold to Rev J.J. Hogan. The Coll has omitted T.S. no 4 measuring 40 cents from this Statt.

(3) Lot 5 - no M.E.O's sale notice dt 30 10 37) : In the Statt of military

properties other than waste, the Collr has noted that T.S. No 12 measuring 3 cents is occupied by temple. The Collr is requested to has not stated whether in this case the 3 cents should not be included in the list of parambokes and a further alteration in the list of parambokes and waste is necessary. He has not also reported xxx

(4) Lot No 13 part : The Collr has not stated whether the particulars in respect of the plots other than the one measuring 1.24 acres are correct

5) Lot No 5 part : There are four plots comprising this part. The Collr has not stated whether the particulars given separately for each of these plots are correct.

(6) In the list of sundry properties other than waste, building No 44 = Forage Yard is included and its R.S. No is given as 633A part. It is not clear to which hist this item belongs

Lot No 5 part

(7) The R.S. No corresponding to T.S. No 16 included in this list is ~~No 638~~ specified in the M.C.O sale notice dated 1.3.09 as R.S. No 522 A/4 Part and not

Memorandum No.4927 D.G/37-18, dated 30th November 1939.

Lands and buildings - Military - (Bellary) - Disposal - From the Board of Revenue, Ref.B.No.5826/37-7, dated 3rd October 1939.

A copy of letter No.4927-D.G/37-17, dated 30th November 1939 sent to the Military Estates Officer, Madras Circle, is forwarded to the Board of Revenue.

2. In the statement showing the military buildings in Bellary submitted with B.P.Mis.No.3504 dated 8th October 1936, the total extent of the 'Markers stop-butts' in S.No. 695 was given as 3 cents. In the statement showing the correct particulars of military properties received with the Board's reference quoted above the total extent of the butts is given as 90 cents. The Board is requested to explain the variation.

3. The statement showing the alterations required in the 'list of poramboke and waste lands' relating to the Bellary Cantonment (which was also received with the Board's reference quoted above) calls for the following remarks.-

(1) The areas of 'waste' land in S.Nos.597 and 638-A are given as ~~209.65~~ 209.61 acres and 39.69 acres respectively. The Board is requested to state how these areas have been arrived at.

(2) S.No.640-A. An extent of 450.27 acres in S.No. 640-A was previously classed as poramboke. In statement B submitted with Board 's Refce.No.BE. 1293/37-14, dated 6th October 1939 (disposed of in G.Os. Nos.2986-87 Revenue, dated 14th November 1939) the revised extent of the proamboke portion in the S.No. was shown as 446.10 acres as detailed below.-

Total extent of S.No.640-A	620.40 acres.
Waste	162.25 "
Railway permanent	11.92 "
M.E.S. wells 7 & 8	13 cents.
	174.30 acres.

Balance poramboke - 446.10 acres.

This was intimated to the General Officer Commanding-in-Chief, Southern Command - vide G.O.No.2986 Revenue, dated 14th November 1939. In the statement of alterations to the list of proamboke and waste lands now submitted by the Board the extent of poramboke is given as 452.31 acres. The Board is requested to report

(a) how this extent has been arrived at

(b) whether the extents occupied by military wells Nos. 5 and 6 which are situated in S.No.640-A (vide para 3 of Memo.No.4927-D/37-7 dated 23rd February 1939) have been excluded in arriving at this area,

(c) whether the areas of military wells Nos. 7 and 8 (viz., 3 cents and 10 cents respectively) previously adopted are correct, and

(d) where each of the four wells (wells No.5, 6, 7 and 8) is situated i.e., whether in the extent originally classified as 'waste' or in the extent originally classified ~~xxxx~~ 'poramboke'.

(3) S.No.636-A. In paragraph 4 of its reference quoted above the Board has reported that only an extent of 104.61 acres in S.No.636-A which is within the ex-Cantonment area is included in the list of porambokes. The attention of the Board is invited to the statement submitted with its Refce.B.5673/31-14, dated 1st October 1934 in which the entire extent of 104.86 acres in S.No.636-A was shown as included within the Cantonment limits. In the classification as "poramboke" and "waste" this extent was classified as stated in para 3 of Memo.No.4927-D/37-7, dated 23rd February 1939 If as originally reported the entire extent of 104.86 acres is included within Cantonment limits the extent of "poramboke" in the ~~file~~ fields after excluding the area of 8.38 acres occupied by the properties on it is 96.48 acres against 96.23 acres arrived at by the Board. The Board is

The Board is requested to state what the correct position is.

(4). The Board is requested to report clearly how the extents shown for the other items included in the list under the heading ~~2x~~ "poramboke lands" have been arrived at. In the cases of fields in which military buildings etc. are situated and the extents occupied by such properties are to be excluded for the reason that the buildings etc. do not fal within the scope of the classification as "poramboke and wast the Board is requested to report in which portion of each S.N (i.e., whether in the portion originally classified as - "poramboke" or in the portion classed as "~~waste~~ waste") the buildings are situated.

4 3. The proposal of the Board in para 3 of its Reference quoted above that the military properties lying outside the municipal limits should be surveyed by the Revenue Department and correct particulars arrived at is approved. The work should be completed expeditiously. The list of military lands relating to the Bellary district should be compiled and submitted at an early date.

5 4. The statement promised in paragraph 1 and the particulars referred to in paragraph 2 of the Board's Refce. quoted above are awaited.

6 5. The Board is requested to expedite the submission of the reports called for in Memoranda Nos.4927-D/37-12, dated 2nd August 1939 and 4927-D/37-13, dated 9th August 1939.

Lots No.5: The temple in question has been in existence for many years and is being used by the public as a place of worship. It was not used by or on behalf of the Central Government at any time and certainly not immediately before 1.4.37. It is the same building that mentioned in Annexure II as "Basaveswara Swamy Temple", though it was not claimed and included in the lists submitted by the Military Estates Officer in 1935. This item is proposed for elimination from annexure II. Its area is not included in the lists of porombokes and wastes already approved or in the list of corrections submitted on 17.7.39. Hence no alterations to annexure I or to the list of corrections already submitted are necessa in respect of this item. It was assigned the town survey No.12 in block No.5 of Ward 21 during the course of town survey in 1938-39 as in the case of other buildings and temples.

Lot No.13 and 13 part: The particulars furnished by the Military Estates Officer are correct.

As already reported in this office R.Dis.4059/35 dated 17.7.39 the Military Estates Officer may be requested to adopt the correct particulars as noted above. Presumably the allocation of plots by the Military Estates Officer is not in conformity with the Town Survey Records. The Military Estates Officer has not notified all the plots for sale.

Buildings No.44:- Forage yard.

It is included in lot No.13 part.

Lot No.5: Revenue Survey No.522A4 furnished by the Military Estates Officer in the sale notice is a mistake. Town Survey No.16 corresponds to S.No.522/1-A4. Town Survey No.16 measuring 1.24 acres is not military property. It is a vacant land not covered by any of the military properties and not used by or on behalf of the Government of India immediately before 1.4.37. The sale of this plot belonging to the Local Government by the Military Estates Officer is not proper. This adjoins the plot sold to K. Mahammad Hussain in a portion of Town Survey No.18 measuring 0.39 acres. The Government were pleased to order the collection of the market value of the plot sold to Mahammad Hussain from the Military Estates Officer who has been addressed in the matter. Please see the correspondence ending with this office C.No.3400/38 dated 6.11.39, in reply to Board's Ref: E.No.6221/38-4 dated 12.7.39 and 6221/38-6 dated 12.8.39. The statements noted below are enclosed.

Para 2 of the Military Estates Officer's letter

The Military Estates Officer after getting the plot surveyed by the Military surveyor reported the extent to be 0.90 acres. The extent adopted in 1936 was an approximate extent. This was explained in detail in para 1 of this office R.Dis. 4059/39 dated 17-7-39.

Para 3 (1) :- S.No. 597: The particulars for 209.65 acres are furnished below

L.R. No. 16 Portion 205.50 (Beyond Municipal limits)

4.15 (within Municipal limits)

Total 209.65

S.No. 638-A : - A detailed report regarding the correct extent and particulars in respect of this field was submitted with this office C.No. 3400/38 dated 6-11-39 in reply to Board's Ref. E. No. 6221/38-4 dated 12-7-39. It may be perused.

Para 3 (2) - The correct extent of Poramboke land in the field is 443.64 acres as explained in the margin. This was already reported in this office C.No. 2872/39 dated 25-8-39. The extent of Poramboke in this field may be corrected as 443.64 acres. The total extent of the field

field ~~in~~ S.No. 640 A noted in the Military Estates Officer's ~~letter as 620.40 acres is a mistake~~ letter as 620.40 acres is a mistake for 618.87 acres.

The extents occupied by the wells and the Rifle Butts were ~~incl~~ included in the area originally classified as poramboke which have now been excluded from it

Para 3 (4) : The extents occupied by the Buildings and other properties other than wastes, were merged in the extent of lands originally classed as poramboke in 1935. In the revised statement submitted with this office C.No. 4529/39 A2 dated 12-12-39 the extents occupied by the properties were deducted and the resultant area was proposed to be classed as poramboke.

Para 4 : The Revenue Inspector Bellary reports that the Town Survey party have since surveyed all the properties belonging to the military authorities lying outside the Municipal limits and that the subdivision records are with the officer in charge of Survey party No.1 Salem. I have addressed the officer in charge of Survey party to furnish the particulars of S.Nos. and extents will be furnished as soon as the information is received.

Paras 6 & 7 : The statements called for were already submitted with this office reports C.No. 4529/39 dated 12-12-39 and C.No. 4536/39 dated 12-12-39.

Lands and buildings - Military (Bellary) -- Disposal.

Reference your letter No.4927 D.G./37-17 dated the 30th November 1939.

2. I forward herewith blue prints prepared by the Garrison Engineer, Bangalore in respect of Lot Nos.18 part and 19 part shown in the statement attached to your above quoted letter. It may please be noted that the total area of these plots according to the Garrison Engineer's plans is 8.10 acres whereas according to the particulars furnished by you the total area is 6.05 acres. As the difference appears to be great would you kindly have the blue prints amended where necessary and return them to this office as early as possible. As the plots in question are now in the course of disposal I should be very grateful if the case could please be treated as very urgent so that there may be no error in the sale deed.

The entire extent of 104.86 acres of S.No. 636 A does not lie within the old Cantonment limits but a portion measuring 104.61 acres alone lies within it. In this connection I invite your attention to this office report C.No. 4529/39 dated 12-12-39, with which revised statements were submitted. The correct extent of poramboke in this field excluding the areas occupied by the properties is (104.61 minus 8.38) = 96.23 acres. This extent may therefore be adopted.

Ref:- Board's Ref.B.5826/39-14 dated 21-5-40.

The total extent of the field S.No.640 A (part) is 618-87 acres and the extent of poramboke and waste lands according to the list communicated with the Board's reference B.5673/31-20 dated 31-8-35 are 450-27 acres and 168-60 acres respectively. An entry in the remarks Col that the extent of poramboke land was exclusive of 1.40 acres Railway permanent land was also made therein. I invite Board's attention to this Office Ref.C.2872/39 dated 25-8-39 on this subject. The Railway permanent land in this field was sub-divided as 640 A/2A and 640A/2B measuring 3.25 and 8.67 acres respectively, the former lying witnin the belt of 200 yards from the aerodrome and the latter outside it. The total actual extent of Railway permanent land in this field is therefore - 3.25 + 8.67 = 11.92 acres and it necessarily includes the extent of 1.40 acres noted in the remarks Column. It is this extent of 11.92 acres that has to be excluded from the Poramboke land and not 10.52 acres as suggested by the Board. The extents of poramboke regarding permanent, waste and military lands, in this field as already reported in this office C.2872/39-A-2 dated 25-8-39, are correct and need no revision.

Resolution Rout. Rejee B/E 5826/37-15 of 21-8-1940:

The Bd. submits the following report in regard to the discrepancies pointed out in the Govt Memo first cited above.

2/. Para 2 of the Govt Memo :-

The Collr states that the extent adopted in 1936 was approximate. The M.E.O. has reported that the extent is 90 Cents in the ~~case reported by the M.E.O after getting~~ the plot was surveyed by the Military Surveyor. The military properties lying outside the Municipal limits are now being measured by the Dy. Surveyors. The Correct extent of the "Market Map-Butt" in S.No. 695 will be reported to the Govt.

Memorandum No. 4927 D.G./37-35 dated 7th September 1940.

Lands and buildings - Military - (Bellary) - Disposal.
Refce. From the Board of Revenue, B/E.No.5826/37-15 dated 21st August 1940.

Rf 130-137 d-

p131 r-

In paragraph 3 of its reference quoted above the Board of Revenue has stated that a detailed report regarding the correct extent and particulars of S.No.638 A had been submitted with its reference No.E.6221/38-9 dated 6th February 1940. In this reference it was reported that the correct extent of the lands sold to Rev. Hogan was 53.45 acres. The attention of the Board of Revenue is invited to paragraph 1 of Government Memorandum No.4927-D.G./37- dated 29th March 1940 in which the Board was informed that an exten of 1.10 acres included in the area sold to Rev. Hogan belonged to this Government. The extent of military land in S.No.638 A sold t Rev. Hogan is therefore only 52.35 acres. The Board is requested state whether the extent of waste land in S.No. 638 A shown in the statement with its reference quoted above should not also be altere into 52.35 acres.

In paragraph 4 of its reference quoted above the Board ha stated that the total extent of S.No. 640 A is 618.87 acres. In paragraph 4 of his letter Ref.C.No.719/34 A2 dated 23rd August 1934 submitted with the Board's Reference No.B.5673/31-14 dated 1st October 1934 the Collector of Bellary reported that the surveyed ex tent of S.No.640 A was 620.40 acres. The Board is requested to state how it is now reported that the extent is only 618.87 acres.

3/ The Board has reported that the correct extent of poramboke land in S.No.638 A is 445.04 acres; but in the statement submitted with its reference quoted above the extent of poramboke land in the field has been shown as 452.49 acres. The Board is requeste to state which is the correct extent and what alterations should be made to the entries in the statement.

4. The following remarks are called for with regard to the entries under poramboke lands in the revised statement of alterations to the list of porambokes and wastes submitted with its reference quoted above:-

(i) In the case of S.Nos. 597 part, 633 A part, 522/1 part 636 A part 691 part and 695 part the revised extents are less than those entered in the list of 1935. It is presumed that the decrease is due to the fact that the extents occupied by military buildings and other properties have now been deducted. The Board is requested to state whether the presumption is correct and, if so, the Board is requested to furnish particulars of such properties.

(ii) In the case of S.Nos. 519 A part and 638 A part there is an increase in the revised extent over the original extent. The Board is requested to give particulars for the excess area.

(iii) Under S.No. 640 A part an extent of 1.40 acres has been shown separately with 3.25 acres as the revised extent for it. It is presumed tnat this extent represents the extent of railway permanent in S.No.640 A. Railway permanent is not included in the list of porambokes and wastes. The Board is requested to state whether the item may not be deleted from the statement.

(iv) In arriving at the extent of poramboke in S.No.640 A the Board has deducted an extent of 10.52 acres as railway permanent. If the extent of 3.25 acres referred to in item (iii) above is also included the total extent of railway permanent in S.No. 640 A comes to 13.77 acres. In the statement (B) submitted with its reference B/E.No.1293/37-14 dated 6th

October 1939 the extent of railway permanent in S.No.640 A part was reported to be 11.92 acres. The Board is requested to state what the correct extent of the railway permanent in this S.No. is and whether any alterations are required to the extents entered in the statements submitted with its reference quoted above.

5. The further reports referred to in paragraphs 2, 3, 7, 8 and 10 of its reference quoted above and in paragraph 2 of its reference E.No. 6221/38-15 dated 15th July 1940 are awaited. The Board is also requested to expedite its reply to Government Memorandum Nos. 4927 D.G./37-30 dated 4th June 1940 and 4927-D.G./37-34 dated 13th August 1940.

Lands - Military - Bellary District - Bellary town - Lots 18 and 19 parts - Disposal - S.No.636A part - Variation in area - Report submitted.

Ref: Board's B/E No.5826/37.10 dated 27.3.40.

...

The extents of plots bearing lot Nos. 18 and 19 part as furnished by three officers - Garrison Engineer, Bangalore, Officer in charge of the Survey Party, Salem, and the Special Town Survey Officer, Town Survey, Bellary, are 8 A. 10 C. 7-98 A. C., and 6.05 acres respectively. The variation between these three sets of figures is detailed below.

The areas of R.S.No.636-A 1/A parts as furnished by the Garrison Engineer, Bangalore, in the three blue print sketches (Drawing Nos.156/27.8.38, 156-1 dated 7.9.38 and 169 dated 5.9.38) have been compared with those furnished by the officer in charge of No.I Survey Party, Salem.

3. Military lot No.19 part: R.S.No.636-A-1-A part T S.No.3 part. Block Nos. 9 and 10 - Ward No.22 - Vacant land of Cantonment gardens near Cantonment Gunta covered by - Drawing No.156 dated 27.8.38 was measured by the Survey Party as T.S.No.78. There is no difference in area in this case.

4. Military lot No.19 part: R.S.No.636-A-1 part -

T.S.No.9, Block No.9 and 10 - Ward No.22 - Channel to Fort ditch leading from Cantonment ⊎ Kunta to Fort ditch covered by - Drawing No.156-1 dated 7.9.38 and lot No.18 part - representing R.S.No.636-A-1 part T.S.No.3, Block No.9 and 10, Ward No.22 vacant land of Cantonment kunta Bund and weir covered by - Drawing No.169 dated 5.9.38 - were measured and mapped separately by the Garrison Engineer Their extents are 2.52, and 0.60 acres respectively, the total extent being 3.12 acres. But these two plots were measured and mapped g together by the Officer in charge of Town Survey, Salem as T.S.No.84. The sketches received from the Garrison Engineer, Bangalore, and the Town Survey sketches received Officer in charge of the Town Survey Party are identical except for a difference of one measurement of the line marked O.P. in the sketch sent by the Military Department. The line O.P. shown in the sketch drawn by Garrison Engineer, as measuring 28.6 is shown to measure 23 feet only in the sketch drawn by the Survey Party. There is a difference in the areas arrived at by the Survey Party in respect of T.S.No.84, and the combined areas of sketches (18 part and 19 part - Drawing Nos. 156/1 and 169) prepared by Garrison Engineer and it is only 0-12 acres and not 2-05 acres as printed pointed out in the Board's reference cited above. The - difference of 0-12 acres appears to be due to a wrong computation of areas and as it is within allowable limit of error it may be ignored.

5. The Tahsildar, Bellary reports that the town S.Nos. and the total extent of 6.05 acres reported by the Special Officer for town survey, Bellary have no connection with those furnished by the Survey Party, Salem. I am asking him to inspect the Block numbers and T.S. numbers in ward No.22 furnished by the Special Officer, Town Survey, Bellary and report what they represent and how an area of 6.05 acres was arrived at by him. A further report will be submitted on the receipt of Tahsildar's report.

The eight town survey numbers noted in the annexure, furnished by the Special Officer, Town Survey, Bellary, comprising 6.05 acres were inspected by the Tahsildar, Bellary with the help of the land register for ward No.22 and the rough sketches prepared for town survey. These sketches are available with the Special Deputy Surveyor for Town Survey party Salem

T.S. No. 13 (Block No. 8), No. 2 (Block No. 10)

T.S. No. 8 (Block No. 17) No. 9 (Block No. 17)

T.S. No. 11 (Block No. 17) and No. 9 (Block No. 18) represent parts of the paved channel leading from the fisheries tank situated in S. No. 597 and 601 to the Railway Kunta, situated near the Railway level crossing in R.S. No. 636 A part and to the Cantonment garden kunta situated opposite to the Cantonment Police Outpost.

T.S. No. 9 (Block No. 9) represents the kunta adjacent to the Cantonment Police Station to the north and T.S. No. 3 (Block No. 10) represents the Cantonment garden kunta which is opposite to the Police Station.

2. A statement showing the Revenue Survey Number, Block numbers, Town Survey numbers and area as furnished by the Special Officer for town survey, Bellary and description as per Resettlement Register and as actual state on ground is enclosed.

A scrutiny of the notice of sale issued by the Military Officer on 30-10-1937 shows that the lands included in lots Nos. 18 and 19 as per description noted against them represent the channel to the Fort Ditch (T.S.Nos.78 and 84) as reported in this office C. No. 1515/40 A7 dated 20-9-1940 and not the paved channel as reported by the Special Officer, Town Survey, Bellary. These latter form lot No. 20 as per sale notice. The officer responsible for furnishing the incorrect information for the extent of 6.05 acres is Sri K.Anantasayanam Naidu who is now working as Assistant Commercial Tax Officer, Harpanahalli. I am calling for his explanation. It will be submitted as soon as his reply is received.

Sir,

Lands and Buildings - Military - (Bellary) - Disposal.
Your letter No.S/53/3/M.C. dated 16/19th March 1940.

I am directed to state that the extent of 6.05 acres shown in t statement sent with this Government's letter No.4927 D.G/37-17 dated 3(November 1939 in respect of lot Nos. 18 part and 19 part is now reporte to be incorrect. The extent of these plots as furnished by the Sur Party, Salem, is 7.98 acres and is less than the area (8.10 acres) according to the Garrison Engineer's plans by 0.12 acre. I am to ad that this small difference appears to be due to a wrong computation o areas. The Collector of Bellary has been asked to furnish correct particulars of military properties in respect of lots 18 part and 19 and they will be intimated to you when received. The difference in now reported being small the blue prints received with your letter qu above do not seem to require any amendments and they are returned he with.

I have the honour to be,
Sir,

SPARE COPIES _____

Ref: Board's B/E No. 5826/37-16 dated 20-9-40 and D.O. letter No. 796/13-11-40.

Paragraph 1 of the Board's reference cited above.

Out of an extent of 53-45 acres in S.No. 638 A of Bellary village, sold to the Rev. Father Hogen, an extent of 1.10 acres covered by road, belongs to the Governme of Madras. This was reported to the Board of Revenue in this office C.No. 3400/38 dated 6-11-1939. The extent of waste land in S.No. 638 A shown in the statement (ie) 53-45 acres, submitted with this office C.No. 4529/39 dated 12-12-1939 may be corrected as 52-35 acres.

2. Paragraph 2 of the Board's reference:-

S.No.640:- The entire extent of S.No. 640 is 620-40 acres. An extent of 1-53 acres lying beyond the Cantonment limit was excluded from the registered area of 620-40 acres (ie) 620-40 acres minus 1-53 acres is 618-87 acres. But this extent, according to the revenue accounts at present, is 615-15 acres. The difference between the original extent of 620-40 acres and 615-15 acres is 5-25 acres, which represent the extent of land that was alienated in favour of the District Board Bellary for the formation of Bellary-Kolagal famine road in Collector's R.Dis. 3002/34 dated 19-7-34 in pursuance of the orders issued in Board's endorsement No.3302/34 dated 18-6-34.

(3)

(3) S.No. 638 A:- The entire extent of S.No. 638, according to the Diglott register, is 263-90 acres. S.No. 638 A mentioned in paragraph 3 of the Board's reference, therefore, a mistake for S.No. 640 A. The extent of poramboke land in S.No. 640 A, as furnished by the Tahsildar, Bellary is 444-07 acres. The particulars are as follows:-

1.	Total extent of S.No.640A according to Diglott Register.		615-15 ac
2.	Railway permanent including 1-40 acres according to Collector's D.Dis. 5536/37 dated 25.8.38.		11-92 ac
3.	Waste land belonging to Military Department:	168.60	
	Deduct L.F.Road.	5.25	163-35 ac
		163.35	
4.	Rifle butts.		0-69 "
5.	Well No.5		0-20 "
6.	Well. No.6		0-04 "
7.	Well. No.7.		0-03 "
8.	Well No.8.		0-10 "
			176.33

Items 3 to 8 are all reported by the Tahsildar to be approximate areas. The extent of poramboke land in S.No. 640 A is therefore 444-07 acres (615.15 + 5.25= 620-40 minus 176,33 acres) There are three different sets of figures in respe of the extent of poramboke land in S.No. 640 A.

(1) As reported by the Board. 445.04 acres.

(2) As furnished in the statement appended to this office C.No. 4059/35 dated 17-7-39. 452.49 "

(3) As now furnished by the Tahsildar, Bellary. 444-07 "

The Tahsildar, Bellary has not explained the variation between th figures. He is being requested to verify on ground and report real state of affairs.

(4) Paragraph 4 (i) of the Board's reference.

The extents furnished in the 1935 list seem to be approximate extents. The areas, furnished in this office C.No. 4059/35 dated 17-7-39 were as furnished by the Town Survey Party

/-

after survey. There is therefore no variation between the two lists. The Tahsildar has not explained what the variation is due to and he is being called upon to furnish the particulars of properties which represents the difference.

(5) Paragraph 4 (ii) of Board's reference

S.No. 519 A:- The original extent of S.No. 519 A part.- 136.77 acre

The extent as furnished in the statement submitted with this office R.Dis. 4059/35 dated 17-7-39. 136.57 "

There is therefore no increase in the revised extent over the original extent.

(6) S.No. 638 A:-

The total extent as originally reported was	228-89 acres.
The extent as furnished in the statement submitted with this office R.Dis. 4059/35 dated 17-7-39.	226-61 "
But the correct total extent as reported by the Tahsildar, Bellary is	232-56 "

This extent (232-56 acres) with details was reported to the Board of Revenue in this office C.No. 5201/39 A-7 dated 4-11-1940.

(7) Paragraph 4 iii and iv of Board's reference.

The extent of 1-40 acres was roughly adopted in 1935, as representing the railway permanent way, in S.No. 640 A, without surveying it. But the correct extent of Railway permanent in S.No. 640 A reported in this office 1813/39 dated 19-5-39 in reply to Board's B/E No. 1293/37-12 dated 19-4-1939 was 3-25 acres. The Railway permanent way in S.No. 640 A has now been subdivided as S.No. 640-2-A measuring 3-25 acres falling within the belt of 200 yards of the R.A.F. landing ground and 640A-2-B measuring 8-67 acres outside it. The total extent occupied by the Railway permanent way in S.No. 640 A is 11-92 acres and not 13-77 acres as mentioned in paragraph 4 (iv) of the Board's reference. This was reported to the Board of Revenue in this office C.No. 2872/39 A-2 dated 25-8-1939 in reply to Board's C.No. 1293/37-13 dated 4-7-39.

(8) Paragraph 5 of the Board's reference.

With reference to Board's No.E. 6221/38-14 dated

and

77

and 6221/38-16 dated 15-8-40 and 6221/38-17 dated 4-9-40 reports were submitted with this office C.No. 5201/39 A7 dated 4-11-40 and 11-11-40 respectively. Further reports will be submitted as soon as replies are received from the rever Divisional Officer, Bellary and Tahsildar, Bellary.

Re Bd. submits the follow report on the Cant Mems cited above:

2/ Extent of waste land in S. No 63 P A :— The Bd. requests that the extent of waste land in S. No 63 P A shown in the Statement sent with its Ryce No B/E 5826/37-15 dated 21-8-40 may be corrected as 52.35 acres.

3/ Correct total extent of S. No 640 A :— ~~The Collr's report on this point is as follows~~:—

The entire extent of S. No 640 A is 620-40 acres. An extent of 1-53 acres lying beyond the Contonment

[illegible] was excluded from the registered area of 620-40 acres and the area of the field was taken as 620-40 acres ~~[illegible]~~ = 618-87 acres. But the extent according to the revenue accounts at present is 615-18 acres. The difference between the original extent of 620-40 acres and 615-18 acres is 5-25 acres which represents the extent of land taken ~~[illegible]~~ in favour of the District Board, Bellary for the formation of the Bellary-Kolagamurie road.

4/ Correct extent of parambokes in S. No 640A:- The Bd. presumes that S. No 638A mentioned in para 3 of the Govt Memo cited above is a mistake for S. No 640A because the entire extent of S. No 638, according to the ~~[illegible]~~ Digest register is only 263.90 acres. The Coll's report on this point is incomplete; he has promised the Bd's reply will be sent on receipt of the final report from the Coll.

5/ Decrease in the extents of S. Nos 97 part, 633A part etc:- The Coll reports that the extents furnished

184 - I

in the year
last noted by him/1935
in the ~~1935 list~~/ seem to be approximate extents. The revised extents were as furnished by the Taluk Survey Party after survey. The Collr. states that the Talukdar has not explained what the variation is due to and that he is being called upon to furnish the particulars of properties which represent the difference. The Bd. will submit a further report on this point on receipt of the final reply from the Collr.

6/- Correct extents of S. Nos 579 A part and 63FA part :-

The Collr's report on this matter contains certain discrepancies which he is being asked to reconcile. The Bd. will submit a further report on receipt of his reply.

~~6/- Extents of S. No 579 A :-~~ The original extent of this S. No. was 136.77 acres whereas the revised extent is 136.57 acres. There is thus no increase in the revised extent over the original extent. The Bd. is however asking the Collr. to explain the decrease in the revised extent.

Extent of S. No 63FA :-

The original total extent of this S. No was 228.89 acres
The revised extent is 226.61 "

~~But the present total correct~~ 232.56 "
extent is

~~4~~ 4 185

7/. Extent of Railway permanent in S.No 640 A :- ~~The item relating~~ ~~Having 3.25 acres as the revised~~ ~~extent~~ The original extent of parambokes taken in S.No 640 A (part) was 450.27 acres — vide item 59 in the list of parambokes communicated with Govt letter No. 3162 D/31-18 of 20-8-35 — with an entry in the remarks column that the total extent excluded 1.40 acres of Railway permanent land. Later the Collector reported that the extent, 1.40 acres, was roughly adopted without surveying it and that the Railway permanent in S.No 640 A had since been subdivided and found to measure 11.92 acres, viz S.No 640-2A measuring 3.25 acres falling within the belt area of the Bellary landing ground and S.No 640A-2B (8.67 acres) falling outside it. ~~In arriving~~ at the extent of parambokes in S.No 640 A the Bd. deducted an extent 10.52 acres as railway permanent because the remaining extent of railway permanent (viz 1.40 acres, viz 11.92 minus 10.52) was already excluded from the extent of parambokes

In para 4 of its Memo No B/[illegible] of 27-8 of 21-8-40, the Bd. deducted an extent of 10.52 acres of railway permanent from the total extent of S.No 640A. Out of the total extent of railway permanent, viz 11.92 acres, an extent of 1.40 acres was already excluded and the figure, 10.52 acres represents the balance of railway permanent that had to be excluded for arriving at the extent of parambokes in S No 640A

in the field. The correct extent of railway permanent is only 11.92 acres and not 13.77 acres; or The extent of 1.85 acres shown as a separate item in the statement of alterations to the list of parambokes may how forms part of 11.92 acres. This item may however be deleted from the statement. as it is railway permanent.

Paras 5 of the Gat. Memo :-

As regards the correct particulars of military properties lying outside municipal limits Coll. has furnished details regarding the sub-division of S. Nos containing these properties and their correct extents. See Book 14 list is defective and it is not sufficiently clear as to which the sub-possible to correlate the sub-divisions divisions containing the military now furnished by the Coll. with the properties corresponds to the various items in the M & G's sale notice. In the absence of such information it is also not possible to find out the correct extent of the "Market's

Nop-built" in S. No 695. The Bd. is
making a further Reference to the Collr
on this point.

The Collr has not yet submd.
his reports reconciling the discre- [illegible]
pancies in regard to the extent
of wash land S. No 597 and
the statement of alteration to [illegible]
the list of lands containing bldgs.

The Bd. will submit a further
report on these points
on receipt of information
from the Collr.

The blue prints were sent

The Tahsildar, Bellary reports that the correct extent of military land in S.No.597 of Bellary lying within and beyond Municipal limits is as noted below:

Within Municipal limits.	6-19 acres.
Beyond Municipal limits.	251-95 acres.
Total extent of military land in S.No.597 within and beyond Municipal limits.	258-14 acres.

These extents are now reported with referenee to the Town Survey records and Town Survey particulars received from the officer in charge of Town Survey Party, Salem. The extent of 6-19 acres in S.No.597 lying within Municipal limits is measured and mapped in Town Survey records as

Ward No.	Block No.	T.S.No.	Extent.
22	28	289	6.19

The extent of military land in S.No.597 lying beyond municipal limits is measured and mapped by the Town Survey party as detailed below:

R.S.No.597/4	45-64
597/5	205-88
597/7	0-03

597/8	0.05
597/9	0.35
Total.	251-95 acres.

There is a variation between the extent already reported and the extent now reported with reference to town survey records.

The Tahsildar Bellary has not reported the reason for this variation. I am asking him to submit a further report in the matter. On receipt of his reply, a further report will be submitted explaining the variation.

MILITARY - Lands - (Bellary) - Bellary Town - Disposa Lots Nos. 18 part and 19 part.

Ref: Board's B/E No.5826/37-21 dated 4.11.40.

In reply to the Board's Refce. B/E No.5826/37-18 dated 8.10.40, it was reported in this office Refce. No.1525/40 dated 26.10.40 that Sri K. Ananthasayanam Naidu, the then Special Officer, Bellary was responsible for furnishing wrong particulars in respect of the militar lots No.18 part and 19 part on the strength of the report from the Tahsildar, Bellary. Sri K. Ananthasayanam Naidu was also called on to explain and he states that he, as Special Officer, did not submit any report in respect of the military lots No.18 part and No.19 part

The Tahsildar, Bellary has since reported that he was guided by the fact that the town survey sketches and the blue prints received from the Military Estates Officer, Madras Circle, Bangalore bore the signature of Sri K. Ananthasayanam Naidu, when he reported that Sri K. Ananthasayanam Naidu was responsible for the mistake: and has asked that the records in this office may be scrutinised in order to ascertain the officer responsible for the mistake.

Sri T. Rama Rao, the then clerk, who prepared the revised lists of military lands and other properties submitted to the Board, was asked to explain how he

he gathered the wrong particulars in respect of the milita
part
lots No.18/and No.19 part. He states that he obtained the information orally from Sri K. Ananthasayanam Naidu, the then Special Officer, Bellary and incorporated it in the report to the Board, as the report called for from the Special Officer was being delayed. Sri K. Anantnasayanam Naidu had been asked at that time to get the areas of the military lands (measured by the Town survey party) compute by the Land Records Draftsman; as there is nothing on reco to show that he furnished the wrong inform tion, it is not possible to hold him responsible. Sri P. Rama Rao should not have relied on the oral information, if any, given by the Special Officer. I have warned him to be more careful in future. His explanation and a copy of this office proceedings thereon are submitted herewith.

Sri T. Rama Rao, the then clerk in charge of this branch of work, who prepared the revised lists of the military lands and other military properties submitted to the Board, was directed in this office memorandum No.1525/40 dated 24.1.41 to explain how he gathered the wrong particulars in respect of the military lots No.18 part and 19 part ~~xxx~~, when there were no reports in the file on that point either from the Special Officer, Bellary or from the Tahsildar, Bellary. He explains that he obtained the required information orally from Sri K. The Bd submits list of corrections, eliminations and additions to the list of lands containing bldgs communicated with the Govt' letter No 3162-D/31-1 dated (Revenue) 20-8-35. The Collr reports that the corrections of areas, survey numbers and particulars of properties are due to the adoption of correct particulars after verification and survey. He also states that the bldgs mentioned in the list of elimination do not belong to the Military Dept for the

reasons stated in the remarks Column of the Statt. The lands and bldgs listed in the list of additions are not included in annexure II – list of lands containing bldgs. The Collr. however states that these items were used for the purposes of the Central Govt, Defence Deptt, when the Cantonment was under Military occupation and that they were in the possession of the Central Govt, Defence Deptt before 1-4-37 otherwise than under a tenancy agreement with the Govt. They may therefore be deemed to vest in the Defence Deptt.

2/ The Collr however reports that, except a few items in the original list of lands containing bldgs and in the list of lands now furnished by him, all the other properties have been disposed of by the Military authorities. The items that have not yet been disposed of are the following:-

OFFICE OF THE BOARD OF REVENUE

2-JUL 1941

2-JUL 1941

Revenue Department.

MEMORANDUM NO. 4927 D.G./37-51, DATED 26TH JUNE 1941.

Lands and buildings - Military - (Bellary) - List of lands containing buildings - Alterations.

From the Board of Revenue, B/E. No. 5826/37-27, dated 21st May 1941.

The following remarks are called for in respect of the items included in the lists submitted with the Board's Reference quoted above:--

List of additions to the list of lands containing buildings.

(i) (a) S. No. 522/1 part - M.E.S. well No. 21 - Extent 0.12 acre.

In its Reference quoted above the extent of this item is shown as 0.12 acre. But in the statement submitted with its Reference B. No. 5826/37-7, dated 3rd October 1939 the extent was shown as 0.09 acre.

(b) S. No. 636-A part - Cantonment garden Kunta 6.05 acres.

The extent of this item is shown as 6.05 acres. The attention of the Board is invited to its Reference No. B/E. 5826/37-17, dated 28th September 1940. It is presumed that this item refers to the property referred to therein the area of which was reported to be 7.98 acres.

The Board is requested to state what the correct areas of (a) and (b) above are.

(ii) (a) S. No. 640A part - M.E.S. well No. 5 - 0.03 acre.

(b) S. No. 640 A part - M.E.S. well No. 6 - 0.03 acre.

(c) S. No. 691 - part - Rifle stop butt and Markets stop butt - 0.88 acre.

In the statement submitted with the Board's Reference B. No. 5826/37-7, dated 3rd October 1939 it was reported that the plots lay beyond Municipal limits and that they could not be surveyed. The Board is requested to state whether the extents now reported are those arrived at after survey.

(iii) (a) S. No. 522/1 - part - Site sold to Md. Hussain - 0.39 acre.

(b) S. No. 522/1 - part - Site sold to Babu Naidu - 0.12 acre.

It is presumed that these two items refer to the plots of land belonging to this Government which were sold by the Military Estates Officer by mistake. Please see the correspondence ending with paragraph 2 of this Government's letter to the Military Estates Officer, Madras Circle, No. 4927 D.G./37-47, dated 21st March 1941, a copy of which was sent to the Board. As the items belonged to this Government they should not be entered in the list of lands containing buildings belonging to Government of India.

(iv) S. No. 522/1 part - Bus stand - 0.46 acre.

A portion of S. No. 522/1 (village site poramboke) in the old cantonment of Bellary was occupied by a bus stand. This portion was in the possession of the military authorities on 1st April 1921. It was

-measured-

measured as an independent field, numbered as S. No. 965 and originally included under "assessed waste" in the list of poramboke and waste lands for Bellary Cantonment. Please see letter No. 3162 D/31-12, dated 17th July 1933, a copy of which was sent to the Board. In 1933 this land along with certain other lands in Bellary was transferred free of cost to this Government (pease see Memorandum No. 421 D/33-8, dated 2nd October 1933) and it was therefore included under "poramboke". Please see item 87 in Annexure I to the list of waste and poramboke lands in the old cantonment of Bellary sent with Government letter No. 3162 D/31-18 dated 20th August 1935 a copy of which was sent to the Board.

From paragraph 2 of the Board's Reference quoted above, it appears that this land has been sold by the Military authorities. The Board is requested to state what the market value of the land is and whether it should not be recovered from the military authorities.

(v) S. Nos. 343 and 344 of Veniveerapuram-Chatram Anicut - 0.04 acre.

In the statement submitted with the Board's Reference No. P. 71/27-3 (Confidential), dated 9th June 1928 this anicut was shown as having been in the occupation of the Revenue Department on 1st April 1921 and it was therefore considered as belonging to this Government. In 1936 the Military Estates Officer sent a list of military properties available for disposal in this Presidency and this anicut was included in that list. (Please see Memorandum No. 738 D/36-1, dated 9th March 1936). The Military Estates Officer was informed that the anicut belonged to this Government as it was in the occupation of the Revenue Department on 1st April 1921. This anicut is however included in the list of military lands in Bellary submitt with the Board's Reference E. 95/39-6, dated 22nd May 1941. The Board is requested to state why the anicut which was reported to be in the occupation of the Revenue Department on 1st April 1921 should now be regarded as a military property.

ENCLOSURES ____ Lands and Buildings (Bellary) Military - Disposal - Report submitted.

one Statement

Ref: Board's Ref. B/E No. 5826/37-23, dated 12-12-1940.

SPARE COPIES ____ This office C. 5201/39 dated 28-1-1941.

Paragraph 1 of the Board's reference cited above.

The original extents of military properties appear to be only approximate. The revision in extents in respect of these two fields i.e., S. No. 519-A part and 638-A part reported in this office C. 4529/39, dated 12-12-1939 does not seem to be due to the inclusion of any excess area but to the adoption of correct areas as per Town Survey records.

Paragtaph 2 of the Board's reference.

The particulars called for are furnished in the form prescribed.

Paragraph 3 of the Government Memorandum communicated with the Board's Ref. No. B/E 5826/37-16 dated 20-9-1940.

The Tahsildar, Bellary has not explained the variations in the extents. A further report has been called for from him. A complete report on this point will be submitted shortly.

Paragraph 4(i) of the Government Memorandum cited above.

There are no particulars to explain the difference in the extents

extents. The revised extents are less than those entered in the list of 1935. The difference is due to the adoption of correct particulars after verification and survey as reported in this office C. 4529/39, dated 12-12-1939.

The further report promised in this office C. 5201/39, dated 28-1-1941 is submitted below:-

The Tahsildar, Bellary reports that the vacant land with well No. 10 in S. No. 597 was measured by the Town Survey party as Ward No. 22-Block No. 28. Town Survey No. 289 and its extent is 6.19 acres. The shape of the plot is identical in the military drawing and the sketch prepared by the Town Survey party for the same plot and all the measurements agree. The variation is, therefore, due to incorrect area adopted by the Military Department.

I submit the reports called for in the Board's references cited above.

Board's first reference cited above

Item (i)(a) S. No. 522/1 Part M.E.S. Well No. 21.

The correct extent of this well is 0.12 acres. The difference in the area is due to the adoption of correct particulars after verification and survey (please see this office Ref. No. 4529/39 A-2 dated 12-12-1939).

Item (i) (b) - S. No. 636 -A Part - Cantonment Garden Kunta.

The presumption of the Government is correct. The correct area of this land is 7.98 acres (please see this office C. 1525/40 dated 24-1-1941).

Item (ii)(a) S. No. 640 A Part - M.E.S. Well No. 5. 0-19 acres.

(b) S. no. 640 A Part M.E.S. Well No. 6. 0.04 acr

The correct extents of the above two wells according to the Town Survey records are 0.19 and 0.04 acres respectively

(c) S.No. 691 Part - Rifle stop butt and Markers stop butt.

There are two military butts in S. No. 691. They are (1) No. 4 Rifle stop butt - Formerly Madras Infantry and (2) No. 3 Rifle stop butt and Markers stop butt Nos. 3/1, 3/2 and 3/3. Please see lot No. 15 of the Military Estate Officer's sale notice, dated 30-10-1937. Their areas are 0.41 and 1.00 acres respectively. They were surveyed by the District Surveyor, Bellary, on 4-6-1940.

Item (iii) (a). S. No. 522/1-Part - Site sold to Muhammad Hussain 0.39 acres.

(b) S. No. 522/1 Part - Site sold to Babu Nayudu - 0.12 acres.

The presumption of the Government is correct. They will not be entered in the list of lands containing buildings belonging to Government of India as instructed.

Item (iv) S. No. 522/1 Part-Bus Stand - 0.46 acres:-

This land has not been sold by the Military authoritie but there is a proposal to alienate it to the Bellary Municipality for use as bus stand. (Please see Government Memorandum No. 2503 F/41-1 dated 9-8-1941).

Item (v)- S.Nos. 343 and 344 of Venivirapuram-Chatram Anicut . 0.04 acres.

To 1A

In their memo at p1 cp the Govt. asked the Collr. of Bellary to:

(1) offer his remarks on the Military Estate Officer's letter in which certain discrepancies in extent of military lands etc. have been pointed out by him and ~~(2)~~ indicate what corrections are necessary to the Statements sent by him into this letter dt 15.9.36 & p41 cp ibid

(2) Submit a copy of the Collr's letter in reply to the Military Estate Officer's letter dated 16.11.37.

The Collr's report is at pp 27-28 cp

Item (1). The Collr's report shows that the particulars noted by the Estate Officer are correct except in the case of the following two items:-

Lot Nos. The S.No. noted as 522-45 in the Military Estate Officer's statement should be corrected as 522-46. This statement agrees with the Collr's original report dated 15.9.36 & may be adopted top of p45 cp & (B)

In the Military Estate Of.

notice, well No. 6 in lot 10-A is shown as in S. No. 640-A into an extent of 3 cents. In the statement recd. into the Collr's letter dated 15.9.36 however this well is shown as in S. No. 639-A into the same extent of 3 cents. If this is reconciled, the difference of 3 cents in the extent reported by the Collr. in his present letter may also be reconciled. The Collr. may be addressed.

Item (2). The Collr. has not sent a copy of the Taluk report. This may be called for

To A S (L.R)

In their Memo at p 1 CF the Govt directed the Coll. of Bellary to offer his remarks on the observations of the Military Estates Officer in para 2 of his letter at pp 5-7 CF. and also to indicate what corrections were necessary to the statements of military properties in Bellary subd with the Coll's letter Ref C. 4058/35-A-2 Dt 15.9.36. The Coll's report at pp 27-28 CF shows that the correct areas of S. Nos noted against the items in the auction notice of the military Estates Officer noted are correct. In reply to the Board's Ref at pp. 29-30 CF the Coll reports that in the statement subd with his letter Dt 15-9-36 only the plinth area of the buildings of the military department was reported & that as several buildings have separate Compounds of their own there is considerable vacant space in between them. This area was not taken into account when the original list was subd by the Coll & this accounts for the difference between

A reference on these lists has been made to him & his reply is awaited. In 1936 the Coller rubd a list of military properties at Bellary available for disposal. These properties were notified by the Military Deptt for sale in their auction notice at pp 9-13 CF. The areas & rents given in the auction notice varied in some cases with those reported by the Coller in the Statement rubd by him in 1936. The Coller. stated that there were inaccuracies in the Statement rubd by him in 1936 & that he would submit a revised Statement, after referring to the Town Survey records. The revised Statement is awaited. The present auction notice is only forwarded by the Govt Contains only the items included in the previous auction notice. But the Town Survey As the But M.E.O in his letter at p 58 CF states that the Garrison Engineer has since surveyed all the military lands in Bellary in Communication with the Survey party & as Town Survey nos have now been noted against each item in the auction notice, the present notice now forwarded by the Govt requires to be verified by the Coller. In their memo at pp 50-51 C.F. the Govt asked the Board

(1) to intimate to the M.E.O directly the extent occupied by the Fishers bank mis. No 597,

(2) to submit the revised statt. of military properties to be sold

and (3) to report what alterations are required in the list of paramboke and waste and (b) in the lists of lands containing buildings attached to it.

In their memo at pp 56 CF The Govt also forwarded copies of sale notices received from the M.E.O and asked the Bd. to report whether all the properties included in the notice were military properties and whether the particulars given therein were correct.

2/. The Collr has reported that the military properties specified in the several lists of the M.E.O's sale notices consist of both vacant land & the demolished buildings and waste land. He has reported that such of those properties as lie within the municipal limits have been surveyed at the instance of the M.E.O. He has submitted a revised statt of military properties other than wastes and a statt of wastes (J) The

with the correct T.S. No. and the reserved extents noted thereon. A draft of alterations in the list of paramboks and wasts has also been sent with ref. to para 3 of the Govt memo at pp 50-51 C.F. These drafts have been checked with the old lists & the M.E.O.'s sale maps sent to Govt.

3/- With ref. to para 2 of the Govt memo at pp 51-51 C.F., the Coll. has not reported what alterations are required in the list of lands containing buildings attached to the list of paramboks and wasts. He may be asked to report about it.

pp 163-165 of (71)

4/- As regards the M.E.O. sale notices the Coll. has reported in detail where the particulars furnished in the notice are incorrect and what the correct particulars are. The items that call for remarks are dealt with below:-

pp 6 C.F.

Lots 2 and 3. The Coll. has stated that the correct extent of these lots is 39.89 acres. In the remarks column against item 2 of the draft of waste lands, he has noted that these properties have been sold to Rev. J.F. Hogan: But in the draft of military lands sold in Bellary town, sent with his ref. A2-340/38 dated 9.2.39, the Coll. stated that an extent of 39.29 acres was sold to Rev. J.F. Hogan. The Coll. has omitted

The Military properties in Bellary, specified in the M.E.B.O. sale notices dated 30-10-37 and 1-3-39, were offered for sale by the Military authorities. In the course of verification of the particulars entered in the sale notices, the Collr. reported that the correct area of lots Nos 18 part and 19 part were 6.05 acres whereas the area according

to the sale notice was 8·10 acres. As the differ between these two figures was large, the Military authorities sent blue prints in respect of the lands included in the ~~#~~ lots and requested that the necessary amend-ments might be made to them. On further verification the Collr reported that the area of the lots as furnished by the Survey Party was 7·98 acres and that the area, viz. 8·05 acres, already furnished related to wholly different fields. The Govt therefore called for the explanation of the officer responsible for furnishing this incorrect information. The Collr's letter cited above is in compliance with this order.

The Collr states that [the Clerk, the person responsible
Sri T. Rama Rao, who prepared the revised list of military lands. The Clerk states that he obtained the incorrect information orally from Sri K. Anantasayanam Naidu, then Spl. Officer, Bellary. The Collr reports that, as there is nothing on record to show that Sri Anantasayanam Naidu furnished the wrong information, it is not possible to hold him responsible. He observes that Sri T. Ramaiah should not have relied on oral information and states that he has warned him to be more careful in future.

The Collr's letter may be noted to the Govt. ~~with any remarks that are considered necessary in the matter.~~
